

Counties Lagging in Assessments to Lose Money

LITTLE ROCK (AP)—The state Board of Education will have to withhold aid funds from counties which fail to meet requirements of the reassessment law by Dec. 15, a spokesman said yesterday.

Arch Ford, education commissioner, said that some of Arkansas' 75 counties may fail to meet the deadline.

The board, which okayed proposed school district plans and bond issues totaling about two million dollars at its quarterly meeting yesterday, expressed concern over the reassessment situation.

Board Chairman Marvin Bird of Earle noted that school districts hold their annual elections in December, the same month the board is supposed to meet again to approve further loan applications.

Bird said some school districts plan to seek a millage reduction in view of increased assessments. He said this would further complicate the picture in regard to board action on district financing plans.

But the board's chief worry appeared to be over the reassessment deadline. State law says counties which haven't boosted assessments to an 18 per cent level by mid-December are subject to having a "proportional" share of their state aid withheld.

Under our interpretation of law we have no choice," Bird said in reference to withholding of funds.

The board can cut out all state aid, except construction money, after saying that "it looks as if some counties are going to fail to meet the deadline."

Ford predicted the matter would become a question for the 1959 Legislature to consider. The regular session of the Legislature meets in January.

Bird pointed out that certification of "reassessment delinquents" would have to come from the Arkansas Assessment Co-ordination Department before the board acted to withhold funds.

W. L. Hinton, director of the Assessment Co-ordination Department, said he didn't know when his department was supposed to certify the counties' status on reassessment but that indications pointed to a date of about Dec. 15.

Hinton said 11 counties already had raised assessments to the 18 per cent level and 47 others were in the process of increasing them.

Dog Sees Progress in Middle East

AMMAN, Jordan (AP)—U. N. Secretary General Dag Hammarskjöld held his final round of talks with King Hussein and Prime Minister Samir Rifai today. He was reported optimistic about the success of his peacemaking mission in the Middle East.

The U. N. General Assembly asked Hammarskjöld to visit the Middle East to make arrangements to facilitate the withdrawal of British and American troops from Jordan and Lebanon. He is to report the results of his trip to the Assembly by Sept. 30.

Unemployment in U. S. Drops During August

WASHINGTON (AP)—The Government reported today that unemployment dropped by 600,000 last month to 4,899,000. The drop was not quite as big as usual at a time of year.

The rate of unemployment, after taking seasonal factors into account, rose to the highest point since World War II, excluding one month in 1949 when a coal strike pushed up the figure.

The Commerce and Labor department reported employment in August was up nearly 200,000 to a seasonal high of 65,367,000.

August unemployment, compared with a July figure of 5,294,000. The departments calculated that 7.6 per cent of the labor force was jobless last month on a seasonally adjusted basis.

This topped the previous recession high of 7.5 per cent in April and compared with a July rate of 7.3 per cent. The last time the rate reached 7.6 per cent was during the coal strike of October 1949.

Statisticians said changes in the unemployment rate during the summer "did not signify any major job developments but instead reflected the difficulties in achieving a precise adjustment of the data for seasonality at a time when large numbers of students move into and out of the labor market."

There was no question, however, but that the narrow changes in the rate in the past seven months showed that the jobs situation was slow to recover from the impact of the recession.

A year ago, 2,809,000 Americans were unemployed — or a seasonal adjusted rate of 4.3 per cent.

Summarizing the August picture, the report said: "The drop in unemployment occurred primarily among young workers who found jobs and students who withdrew from the labor market — normal developments for this time of year. There was no significant changeover the month in the number of unemployed adult workers."

Ike Alarmed at Win by Democrats

NEWPORT, R. I. (AP)—President Eisenhower today sized up the Democratic sweep in the Maine elections as a Republican party beating there is no use trying to disguise.

Eisenhower's reaction of disappointment was reported to newsmen at the summer White House by press secretary James C. Hagerty.

Hagerty spoke shortly after the Republican National Committee in Washington had supplied Eisenhower with a list of final returns in the Maine contests.

Democrats in the state won a U. S. Senate seat for the first time in 47 years. They also retained the governorship and scored other major triumphs.

By THE ASSOCIATED PRESS. Tension eased somewhat today in Arkansas and Virginia as segregationists settled back to await the U. S. Supreme Court's decision on whether to delay integration of Central High School at Little Rock, Ark.

The high court will hear oral arguments Thursday on a ruling by a Little Rock school board that it would operate on a racially mixed basis. The Supreme Court stayed its order pending a decision by the U. S. Supreme Court.

All was not quiet on the integration front, however.

Trouble continued to brew in Van Buren, Ark., where U. S. District Judge John P. Miller ordered the school closed under state law which makes it illegal for any school to operate on a racially mixed basis.

Miller suggested that a federal marshal direct the Van Buren County school board to integrate the school.

Girl's Body Found, Husky Worker Held

BY DAN TEDRICK

FORT COLLINS, Colo. (AP)—

The body of a pretty blonde stenographer, who was kidnapped, raped and later died of three bullet wounds in her head, was found Monday in a shallow grave atop a mountain.

Sheriff Ray Scherer said Floyd J. Robertson, a husky 23-year-old cement worker, orally admitted the crime.

Robertson told officers he wanted the woman, Marjorie Schneider, 18, that "I'm a crack shot," and then pumped three bullets into her head Sunday morning as she ran from his car.

Robertson then carried the body to the top of a high mountain and dumped it into a shallow hole.

Muscadine, Pears Being Harvested

Families who would like to have a few muscadine vines or a pear tree or two in the back yard or home orchard can profit by visiting the Southwest Arkansas Branch Experiment Station Friday morning, Sept. 12 at 10 o'clock.

A special meeting to observe the muscadine vineyard and pear variety orchard has been arranged for your convenience by County Agent Oliver L. Adams. The muscadine and some pears are now being harvested. The quality is excellent. The plantings are old enough to show the comparative value of the varieties.

The many muscadine varieties in the Southwest Arkansas Branch Experiment Station vineyard gives the family the opportunity to see and examine the variety that meets their needs for fresh use, jams or juice. There is a great variety of colors and flavors. The vines are well managed on a very practical system of posts and wire for trellis.

In the Experiment Station pear orchard the Orient is a great pear to eat fresh, and is excellent for canning or preserving. The Orient is highly resistant to blight. It is a heavy bearer of large fruits that are fairly good to eat raw when fully ripe. The Orient is a pear that does not go to pieces when used as a canner or preserver. It may be a fruit that has a place in your home orchard or back yard.

The source said, however, that Hammarskjöld's meetings with the Jordanian leaders "produced no concrete proposals for ending the crisis in Jordan."

Jordan and Lebanon have complained that infiltration from the United Arab Republic seeks the overthrow of their governments.

There is speculation that Hammarskjöld might appoint U. N. Undersecretary Ralph Bunche as a Middle East roving ambassador.

Bunche arrived in Beirut from Geneva today for conferences with Hammarskjöld.

Negro leaders at Van Buren said none of the Negro pupils will return to school pending the outcome of court action.

A white citizens committee opposed to integration of the high school named a new leader and appointed a committee to confer with the city school board on ways of restoring segregation. One plan involved construction of a Negro high school.

Warren County in northwest Virginia was spared temporarily from the threat of having its high school closed under state law which makes it illegal for any school to operate on a racially mixed basis.

Miller suggested that a federal marshal direct the Van Buren County school board to integrate the school.

Diplomats See Failure in Middle East

AMMAN, Jordan (AP)—Diplomatic sources said today U. N. Secretary General Dag Hammarskjöld has failed to get President Nasser of the United Arab Republic and Jordan's King Hussein to agree to a face-saving solution to their dispute.

Hammarskjöld flew off to Beirut, Lebanon, today to tackle the Lebanese crisis after a visit to Amman.

The secretary general was reported to be still professing optimism. But an informed diplomat pictured the Jordanian-U. A. R. issue as deadlocked, with Nasser refusing to give guarantees considered adequate by the Jordanians that the U. A. R. will not interfere in Jordan's affairs.

An informed Jordan source said Hammarskjöld, dispatched to the Middle East by the General Assembly, had suggested a U. N. ambassador in Amman with U. N. consuls in other Middle East capitals.

The source said, however, that Hammarskjöld's meetings with the Jordanian leaders "produced no concrete proposals for ending the crisis in Jordan."

Attacks on Amendments Denounced

LITTLE ROCK (AP)—Atty. Gen. Bruce Bennett said today petitioners attacking the Johnson State Rights Amendment resorted to "insults, insinuations and presumptions" in attempting to point out alleged deficiencies in the proposed's ballot title.

Bennett's statement was contained in a response filed with the Arkansas Supreme Court which will hear oral arguments on the matter Sept. 22.

The petition, seeking to keep the proposal off the November general election ballot, contends that the title and popular name of the proposed constitutional amendment are defective because they would give voters an erroneous conception of the measure's provisions. The challenging petition was filed by former Atty. Gen. Tom Gentry.

Bennett replied today that "a dangerous precedent would be set by this court should it, declare the entire measure void prior to adoption."

"If the amendments is to be defeated it should be defeated at the polls and not by this court," Bennett added.

The proposed amendment is sponsored by segregationist Jim Johnson of Crossett.

It would, among other things, provide for disbarment of lawyers, tighten voter qualifications, permit closing of integrated public schools and establish a State Rights Commission immune to the jurisdiction of state courts.

Industry Shuns South, Report Says

NEW YORK (AP)—Race tensions in the South have kept a few Northern companies from locating plants there but have failed to block continued rapid industrialization of Dixie, the Wall Street Journal said today.

In such states as North Carolina, Alabama and Georgia, state development commissions, public utilities, banks and other state promoters claim a greater rate of new plant and quelling threats than last, the paper.

Louisiana is about even with a year ago.

In most other states, the industrialization pace is lagging slightly behind 1957, but the lag generally is smaller than that for the nation as a whole.

Where there is a lag, Southern state officials blame it on recession, not on race.

Race relations is just one of about 700 factors management considers in locating a plant, according to H. McKinley Conway Jr., publisher of the Manufacturer's Record, a Southern trade magazine published in Atlanta, Ga.

According to the magazine, new plants being built in 10 Southern states during the first half of this year totaled 688, an improvement over both the 672 in the first half of 1957 and 550 in the 1956 period.

The Journal interviewed dozens of Northern businessmen in this view, the various states that have

Appointment of New Judge in Few Days

LITTLE ROCK (AP)—A temporary appointment of a federal judge to hear integration matters at Little Rock may be made in the next few days.

Chief Judge Archibald K. Gardner of the Eighth U. S. Circuit Court of Appeals at St. Louis said last night he is trying to find a judge whose work load will allow him to start duty here soon.

The Eastern District of Arkansas, which includes Little Rock, was left without a judge by the retirement application of U. S. District Judge Harry J. Lemley of Hope.

The Justice Department at Washington announced last night that Judge Lemley had asked for retirement effective Sept. 5.

Judge Gardner said at his home in Huron, S. D., that he wasn't sure he could find a judge to send to Little Rock.

If he can do so, the judge said, the appointment will be effective "sometime near the time the Supreme Court is likely to hand down a decision" on integration.

The high court will meet Thursday to consider the Little Rock integration case and a decision on whether Negroes return to Central High School is expected before high schools open here Sept. 15.

The only remaining federal judge in Arkansas is John F. Miller of Fort Smith who sits in the Western District.

Judge Thomas C. Trimble of Loneke left the Eastern District bench 20 months ago. J. Smith (Lemley) of Harrison was nominated to replace him but the Senate adjourned without acting on the nomination.

Earlier Judge Gardner had appointed U. S. District Judge Axel Beck of Sioux Falls, S. D., to a 10-month temporary assignment at Little Rock starting Sept. 15.

But Judge Gardner said last night that Judge Beck was tied up on a case and couldn't report before the end of the month.

Recommend a New Station for Pine Bluff

WASHINGTON (AP)—A Federal Communications Commission examiner said yesterday some "brinkmanship" appeared to have figured in a compromise of a radio contest at Pine Bluff, Ark.

However, examiner Thomas H. Donahue recommended for a second time that the FCC authorize Jefferson County Broadcasting Co. to build and operate a new day-time station at Pine Bluff, on 1270 kilocycles, 5 kilowatts.

The examiner said this company was left unprotected for that frequency when Kurnell S. Tracy withdrew a competing application for a 1270-kilocycle station at Fordyce, in consideration for that company's agreement to transfer to Tracy a construction permit it had obtained for Fordyce in November of last year.

Donahue said Jefferson originally filed for the Pine Bluff station in April, 1956. Tracy came in with the competing application for Fordyce, and Jefferson then filed for a different frequency in Fordyce which it turned over to Tracy after receiving the grant there.

In the spring of last year, the examiner recommended the grant of the 1270-kilocycle frequency at Pine Bluff to Jefferson.

The case was reopened recently when Pine Bluff station KOTN asked for further investigation of the transactions. Donahue said testimony by KOTN officials failed to develop any real evidence of improper action. However, he asserted:

"The examiner would be less than candid were he to express enthusiasm over the way this applicant (Jefferson) achieved the status it now occupies in this view, the various steps that have

Attorney Is Hired to 'Save' Wilson

MONTGOMERY, Ala. (AP)—A Negro attorney said today he has been hired to try to save Jimmy Wilson from the electric chair.

He hinted at further court action. Fred Gray of Montgomery declined to say what course the fight would take. He said Gray's official can be done until the Alabama Supreme Court rules on Wilson's request for a rehearing.

Wilson, 55, Negro handyman and ex-convict, was sentenced to death for a \$1.05 robbery in which an elderly white widow said he choked her, tried to rape her and threatened her life.

The Supreme Court upheld the death sentence last June 12, but the condemned man asked a rehearing. That action is pending.

Wilson's electrocution, scheduled for Sept. 8, has been put off indefinitely until the court rules.

At his trial and on the appeal, Wilson was represented by two court-appointed white attorneys.

Gray, who has been active in the fight against segregation in Montgomery, said two brothers of Wilson hired him to represent the condemned Negro.

Wilson, who had served two previous terms for grand larceny, was convicted of robbing Mrs. Estelle Barker at her home in Marion July 27, 1957.

The Negro's death sentence has attracted international attention, including a recent telegram to Governor James Folsom from Secretary of State Dulles advising the governor of reaction to the Wilson case has received abroad.

Won't Go Into Details on Eve of Warsaw Meet

WASHINGTON (AP)—Secretary of State Dulles hinted today the United States is ready to offer concessions if Red China will renounce the use of force in the Formosa Straits.

Dulles told a news conference he could not go into details in advance of expected diplomatic talks with Red China at Warsaw.

At the same time, Dulles emphasized again that the United States believes it is essential to the Free World's defense posture in the Far East to maintain a firm stand against Red China's threats to conquer Nationalist-held islands in the Formosa Straits.

Dulles indicated that if Red China were to attack today the United States would help the Nationalist defenders, at first logically and later with American fighting men if the Nationalists were unable to beat back the Communist invaders.

But Dulles refused to spell out precisely what the United States would do in any given circumstance.

And he stressed that despite the tension he expected no war.

He acknowledged, however, that the situation could be compared with Korea and the blockade of Berlin.

Dulles told reporters U. S. Ambassador Jacob Beam in Warsaw got in "touch today with Red China's Ambassador Wang Ping-Nan."

He said Beam told Wang the United States was ready any time to start talking. No precise date was suggested.

Dulles said he hopes to work out in these talks a modus vivendi—a method for getting along.

Hope and the late Dr. Lile. The double-ring ceremony was solemnized Saturday, September 6, in the First Presbyterian Church in West Memphis with the Rev. A. Hubert Rust, officiating.

The couple was attended by her twin sister Mrs. Doyne Dodd Jr. and her husband, Mr. Dodd, of Little Rock.

The bride attended the University of Arkansas, where she joined Kappa Kappa Gamma sorority. She was graduated from the University of Arkansas School of Medical Technology. Mrs. Lile was also a member of the Girls Cotillion Club of Little Rock.

Mr. Lile was graduated from Henderson State Teachers College, where he was a member of Kappa Sigma Kappa fraternity and Honor and Key. Honor fraternity. The couple will make their home in Little Rock, while the bridegroom completes his education at the University of Arkansas School of Medicine.

Miss Doris Ann Denny, daughter of Mr. and Mrs. Carlton E. Denny of Delight, and Birkett Arch Wylie, son of Mr. and Mrs. Arch Wylie, of Hope, were married at seven-thirty in the evening of August 30, in a candlelight ceremony at the Delight Methodist Church.

Rev. James Batts officiated at the double ring ceremony. Miss Linda Presley presented a program of pre-nuptial music and accompanied the soloist, Miss Margaret Hunter Scott of New Orleans. Candles were lighted by Miss Ruth Ann Wylie, sister of the groom, and Master John Wilt of Delight.

The bride, given in marriage by her father, wore a dress of tulle over white slipper satin which was fashioned with a fitted bodice, a high neckline, and a tiny collar. The fitted sleeves ended in lily points over the hands. The satin bodice, under the tulle was made strapless, cut low in the back and applied with hand-clipped felt flowers. Tiny seed pearls adorned the dress which was buttoned with covered buttons in the back. Her fingertip veil was attached to a lara of seed pearls, rhinestones, and sequins. She carried a white Bible, topped with white carnations and stephanotis which were tied with velvet streamers.

Vows were exchanged before an altar entwined with ivy and lighted with candles. To decorate the altar further, there were baskets of white gladioli and chrysanthemums with palms and clematis.

Mrs. Kathryn Cromer, sister of the bride, was matron of honor and wore a petal pink taffeta dress which featured a bateau front neck line with a low, square-shaped back. She wore a matching bandeau with tiny pearls and a short tulle veil. She carried a fan of white tulle covered with pink asters.

Wearing similar dresses and carrying fans were the bridesmaids, Miss Linda Scott of Prescott, cousin of the groom and Miss Sharon Francis of Mansfield, La. Miss Barbara Jean Wilt of Delight was flower girl. She wore a pink taffeta dress and carried a basket of pink asters and garden flowers.

Sandy Wylie, cousin of the groom, was ring bearer. Dick Broach, now stationed with the Marines in Nevada, served the groom as best man. Ushers were Dale Wylie, brother of the groom, and Carlton Denny Jr. of Delight, brother of the bride.

The bride's mother, Mrs. Carlton Denny of Delight, wore a navy silk dress with white accessories. Mrs. Arch Wylie, mother of the groom, wore a dress of pink lace over taffeta with white accessories.

Immediately following the ceremony, a reception was held at the Methodist Parsonage. The serving table was lovely, with a cut-work cloth of white linen, centered with candelabra and pink gladioli. Mrs. Bess Galloway, the receiving line, Mrs. Andrew Lockwood of Murfreesboro, aunt of the bride, served the tiered wedding cake. Miss Francis Harvey of Des Arc poured the punch and Miss Othadene Rollins of Des Arc was in charge of the bride's book.

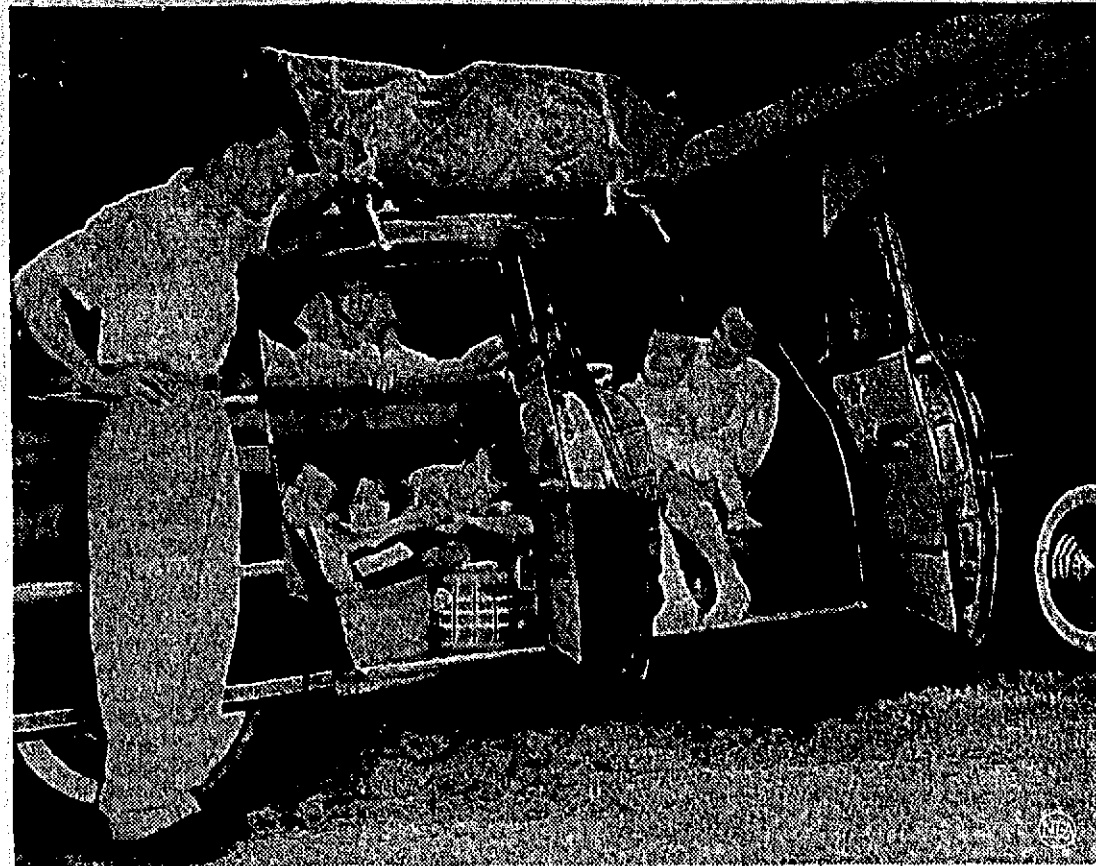

For travel the bride wore a navy suit with white accessories and a corsage of white carnations. After a short wedding trip, the couple will reside in Fayetteville where the groom will attend the University of Arkansas.

THE FAMILY BUS—Vacation time, a wife and six kids—and one car. What to do? Joseph Ebacher, an assistant professor at Xavier University in Cincinnati, Ohio, solved that problem. First, a canvas sheet, stretched over poles resting on the tops of the front seats and the rear ledge, provided sleeping space for two children (Jerry, 5, and Jimmy, 2). Then three more youngsters nestled on a bed underneath (Paul, 10; Corinne, 8, and Tommy, 6). Cecile, 1, held by Mrs. Ebacher, rode in a little chair hooked onto the front seat between her parents. Family supplies were strapped to the car top. Ebacher is shown checking his cargo before the start of a 1,000-mile round trip to Salisbury Beach, Mass. (Next year he plans to buy a station wagon.)

DOROTHY DIX

Wilting Widower Evades His Persistent Pursuer

Dear Dorothy Dix:
My wife died a year ago and, since we had no family, I was very lonesome. I arranged for a transfer to another city and have made many friends here. Among them is a sweet young thing of 28 who is in a desperate hurry to get married. I like her very much and am not prepared to state, at this moment, that I wouldn't marry her. We have some differences that bear consideration. For instance, I'm very religious; she's not. She has already proposed to me, which was rather a shock. I know I'd miss her if I broke up, but am not at all certain that she's the kind of wife I want. Apparently I'm not getting much time to decide. — Frank L.

Dear Dorothy Dix:
I divorced my husband because of other women and now have my own apartment. He still hangs around, goes in the apartment when I'm not home, stays for dinner and generally makes a nuisance of himself. How can I keep him away? — Louella.

Dear Dorothy Dix:
I have a son and daughter, both married. They're involved in what I consider a very foolish family disagreement to which there seems to be no solution. Here are the facts. My daughter recently gave a dinner party and invited her brother and his wife. My daughter-in-law refused to attend, saying that she had mentioned to my daughter that she had an engagement that evening. She insists the dinner was held on the same night purposely. When my daughter heard this accusation she became hysterical. It is now three months since they have been in touch with each other. They won't even come to my house for fear they'll run into each other. The whole family is upset about it. We've always been a closely knit, happy family. Neither girl will speak first. — Mrs. T. P.

Dear Mrs. T. P.: This is indeed the sort of foolishness in which family feuds are made. The girl who gives in will prove herself the bigger person, the better sport, the more mature woman. Since you are naturally closer to your daughter, urge her to make the first move.

Dear Dorothy Dix:
My crippled sister-in-law has been living with a friend who recently passed away. Laura is afraid to be alone, though she could manage, with a little outside help. She asked us to move in with her and while the arrangement would be fine with my husband, it would not suit me at all. For one thing, Laura is perfectly happy in a single house. I'm not. She won't part with one piece of old furniture, so I would have to discard my carefully chosen and treasured pieces in fact she won't compromise on anything. We have a

own business and I work in it — Gilda.

Dear Gilda: If two families decide to live together, there must be co-operation and consideration from all parties or the arrangement can lead to nothing but unhappiness. If Laura refuses to make any concessions, stick to your own home. Visit as often as you can and help her as much as possible.

Gives Up World Flight Attempt

BASTIA, Corsica (AP)—An American pilot attempting a round-the-world flight in a small plane decided today to give it up and fly home on a commercial airline.

Capt. Charles F. Banta Jr., a 38-year-old Pan American World Airways pilot from Palo Alto, Calif., abandoned his attempt to fly around the world after his single-engine plane crashed in a Corsican vineyard Sunday night.

Banta said the fuel line went wrong as he headed toward Rome for his first stop since taking off from Idlewild Airport in New York at 10 a.m. Saturday.

He said the plane was not seriously damaged.

With the U. S. Fleet Off of Formosa

By ROBERT TUCKMAN.

ABOARD USS HELENA in the Formosa Strait (AP)—An urgent signal flashed from one of our escorting destroyers—possible submarine contact.

The destroyer Collett on our left flank ran up a black flag, signaling her sonar equipment had picked up sounds like those of a sub.

The time was 11:15 Sunday morning. This cruiser, flagship of the U. S. 7th Fleet, had just joined the cruiser Columbus and six American destroyers on an important and perhaps historic mission.

The objective was to escort two Chinese Nationalist landing ships carrying 300 tons of ammunition through the Communist blockade of beleaguered Quemoy Island just off the Red China mainland.

It was the first time an American-escorted convoy was making a run across the Formosa Strait in daylight, running a risk of Red shore batteries or attack from Red torpedo boats or planes.

The convoy marked a new phase in the American policy to help Chiang Kai-shek hold the offshore islands.

A few miles ahead we could see Quemoy. On our right some 12 miles away but within sight was the Communist mainland.

It was now one hour since the Collett's sub report and the destroyer sent word she still was getting contact.

The two Nationalist ammunition ships moved ahead of their American escorts toward the beach. Now they were accompanied by four small Nationalist patrol boats for the remaining three or four miles to shore.

On the flag bridge of the Helena, Vice Adm. Wallace M. Beakley, the 7th Fleet commander, received a stream of reports on the progress of the operation.

He said the landing ships had reached the beach and so far there were no reports of any air activity or artillery from shore.

There had been no Red shelling for the previous 24 hours and little or no bombardment in the previous two days.

At 12:35 another message came from the Collett, Beakley said. "We now evaluate the sounding as a wreck of a ship on the bottom of the sea. It's pretty doubtful that it's a sub."

Pirates, Giants Open Series for Second Place

By ED WILKS Associated Press Sports Writer

The Pittsburgh Pirates, who haven't been this high in National League standings since 1944, open a three-game showdown for second place tonight with the slumping San Francisco Giants.

The Pirates took a 2-1 game hold on the runner-up spot by beating Cincinnati 4-1 Monday night in the only game scheduled in the majors. That means the Giants, who have lost five of their last six, must sweep at Pittsburgh to regain second place in the standings.

They'll complete a suspended game of July 27 tonight before starting a regularly scheduled game. The Pirates and the Reds are tied for eighth place, but the Pirates have a better record.

Right-hander Bob Porterfield (2-0) is Manager Danny Murtaugh's choice for the completion of the six-week old suspension for the Pirates, who have won six of their last nine. Righty Paul Giel (4-1) is the Giants' choice.

In the regularly scheduled game, the Pirates, who stand 9-10 against the Giants for the season, will go with rookie right-hander George Witt (8-2) against Stu Miller (6-7). Witt, who shut out Milwaukee 1-0 in 10 innings with a five-hitter in his last start, has won six straight. No one has won seven in a row this season in the NL.

It was Curt Raydon, another rookie right-hander, who beat the Redlegs. Although giving up only four hits, he needed Don Gross' hitless mop up after the Reds scored an unearned run in the seventh on a pair of errors by Dick Stuart.

Raydon (8-4) also singled for his first major league hit, in 36 at bats, during a three-run pirate fifth against loser Tom Acker (3-5).

Robert Clemente hit three triples, tying the modern major league record for one game. He is the 11th major leaguer to do it.

The first place Milwaukee Braves, now seven games ahead, are at home tonight with Curt Witt (5-3) facing Cincinnati's Alex Kellner (5-3). Any combination of Milwaukee victories and/or Pirate defeats totalling 10 gives the Braves their second straight pennant.

The Chicago Cubs, who just swept three from San Francisco, are at St. Louis behind either Dave Hillman (7-7) or Taylor Phillips (7-8) tonight. Sam Jones, the first to strike out 200 in the NL since 1941, goes after his 13th victory for the Cards. He's lost 11.

Los Angeles and the last place Phillies also have a July 27 game to complete at Philadelphia. It's Johnny Klippstein (5-1) for the Dodgers in the suspended game. The Phils, leading 2-1 in the sixth inning, will go with Jim Hearn (4-3). Dodger Sandy Koufax (10-9) is the probable starter against Ray Semproch (13-9) in the regular game. The Phils try to halt their losing string at seven.

Cleveland Has Pair in Most Valuable Race

By LARRY FRIEDMAN

CLEVELAND (AP)—The Cleveland Indians—way down in sixth place and having trouble pulling out of the hole—have a pair of young players Manager Joe Gordon believes should be high in the running when the American League's most valuable player is chosen.

If you high-rate base hits, dash on the bases, and fancy Dan infielding, your preference between the two would be Vic Power, who will be 27 next November.

If you're a long-ball lover and put a high premium on runs batted in, Rocky Colavito, the Tribe's strong-armed, 25-year-old outfielder, would be your man.

Just three months ago, Colavito was on the trading block. Now he has 34 home runs, 96 runs batted in, and a .297 batting mark.

Power's current .317 is the third best average in the league, and only six points behind the leader, Pete Runnels of Boston. He is tops in the Junior Circuit with nine triples, third in total hits with 107, and second in doubles with 24.

Gordon speaks in superlatives when discussing his two stars.

On Rocky, "The Indians won't have to worry about right field for the next 10 years. He could

Women's Golf Meet to Jackson

DALLAS (AP)—Only Mickey Wright and Betty Hanson stayed behind today as the women's golf tour moved on to Jackson, Miss. They had a date to play 18 holes to see who got the money in the \$5,500 Dallas Women's Open.

Miss Wright, San Diego, Calif., blonde who is National Open champion, and Miss Hanson of Indianapolis, the leading money winner of the year, tied at 24 Monday when Miss Wright skied to a 5-over-par 77 on the final round. She had started out with a four-stroke lead over Miss Hanson.

Nothing But Flag Decided in American

By ED WILKS Associated Press Sports Writer

The American League season has only two weeks to run, but the battle, home run, runs-batted-in and strikeout champions still are undecided.

Pete Runnels of the Boston Red Sox leads in the bat race with 322. Mickey Mantle of the New York Yankees leads in home runs with 39. Jackie Jensen of the Red Sox is tops in RBI with 113. Eddy Yarnall of the Chicago White Sox leads in strikeouts with 155.

The batting race is a five-man battle. Runnels, 30, has a 5-point spread over Bob Cerv of Kansas City (31R) with Vic Power, Cleveland, and Harvey Kuenn, Detroit, tied for third at 317.

The fifth man is Ted Williams of the Red Sox who took the 1957 title with 388. Williams, 40, figures to get back into the thick of it tonight, after a 15-day layoff because of sickness.

Neither Runnels, Cerv, Kuenn nor Power ever has won an AL batting title.

Mantle's only serious competition for the homer title appears to be Ray Sievers of Washington, the defending champ. Sievers has hit 36. He won in 1957 with 42. Mantle has 16 games to play, Sievers has 18.

Sievers also has a shot at retaining the RBI title. He won with 114 last season and has 100 at present. Jensen, the leader for the past two months, has driven in only three runs in his last 13 games. Sievers has brought home seven over the same span. Rocky Colavito of Cleveland is third with 96.

Wynn took the strikeout lead last Friday, breaking a tie with Yankee Bob Turley, who has 154. Jim Bunning of Detroit, who set the one-game high for the season by fanning 14 Yankees June 20, is third with 144.

The Yankees, incidentally, should wrap up their ninth pennant in 10 years sometime this weekend. Any combination of Yankee victories and/or White Sox defeats totalling six does it.

Only one game was scheduled in the majors Monday. Pittsburgh won 11, beating Cincinnati 4-1.

American Hopeful of Making Team

BOSTON (AP)—Ken Yackel, 26-year-old former University of Minnesota forward, hopes to become the first American-born player to make the grade with the Boston Bruins since goalie Bepko two decades ago.

Yackel, a school teacher in Minneapolis where he also coaches hockey and football, signed a National Hockey League contract with the Bruins Monday. He will report for the start of fall practice at Boston Garden Sept. 14.

Would Keep Out Jackson, Charles

LAS VEGAS, Nev. (AP)—If the National Boxing Assn. has its way, Charles Jackson can get a foul in a ring.

The NBA, holding its 40th annual convention here, Monday adopted resolutions recommending that state NBA commissions suspend the two heavyweight fighters if they try to fight again.

Delegates held that Charles, former world champion, and Jackson, another contender, are in no condition to fight.

Broyles Admits His Problems Are Many

PAYETTEVILLE, Ark. (AP)—University of Arkansas Coach Frank Broyles admitted yesterday he has problems. In fact, he said, he is beset with problems, chiefly the lack of linemen on his Razorback squad.

"We don't have a single lineman who weighs over 200 pounds," Broyles said. "So it's a good thing we're using the single wing two-man blocking. Otherwise, we would be stalled every time we tried to make an offensive drive."

The first-year Barker mentor painted this gloomy picture for the benefit of Texas sportswriters visiting the Arkansas camp.

Broyles called his squad's practice session yesterday afternoon "terrible."

"It was a typical 'Blue Monday' practice," he commented. "I would certainly hate to play a football game on Monday."

Broyles said the Hogs were so short on experience that only 15 or 16 men would carry most of the load this season.

"Some of our boys will have to play 45 or 50 minutes a game and will have to be in perfect condition," he declared.

Added to the Razorback injured list yesterday were Billy Tramm of Wilson, an end, who suffered a pulled leg muscle. Others sidelined are halfback Ray Arava of Natchitoches, Mo., who received three burns; halfback Billy Whitfield of Fayetteville, who has a strained foot muscle, and guard George McLeod of Walnut Ridge, out with an arm infection.

Texas sportswriters interviewed Broyles and players and watched practice sessions.

Leagues Not Interested in Expansion

By JOE REICHLER Associated Press Sports Writer

CHICAGO (AP)—Baseball Commissioner Ford Frick was definitely on notice today that the National and American leagues have no immediate interest in expansion.

Frick had hoped to use today's joint session as a sounding board for his long nurtured idea of two 10-team leagues, which eventually would blossom into three eight-team circuits. However, he has been told in no uncertain terms that the time for expansion is not yet ripe. In fact, it may be a long time off.

The American League, in a special session Monday, unanimously opposed spreading out beyond its eight clubs.

As Frank Lane of Cleveland put it, "There was absolutely no sentiment for expansion on the part of any club."

The National League, which Frick hoped, and still hopes, would incorporate New York into its charter and add another large city, did not even bother to hold a meeting. There was a sort of get-together, but the business concerned only schedule making for 1959.

Only two clubs—Milwaukee and Chicago—strongly favor expansion. The others are either dead set against it or don't care one way or another.

National League President Warren Giles explained why he didn't even bother to call a meeting to discuss possible expansion.

"In the first place," he said, "Expansion will require unanimous consent of the members. I've never heard any sentiment expressed sufficiently for me to believe that we could get a unanimous vote. And even if we did get it, then there would have to be three-quarters assent to decide which two cities would be accepted as members."

TICKLY HEAT—Lovely Ruth Platzer of Margate City, N.J., has found a do-it-yourself method of beating the heat, as she splashes herself coolingly with the aid of a garden hose. And if that doesn't work, she's not far from the famous beach at Atlantic City.

Legislative Recess Is Ruled Legal

LITTLE ROCK (AP)—Atty. Gen. Bruce Bennett today ruled legal the recess of the Arkansas Legislature's special session.

But, in an opinion to State Sen. Guy Jones of Conway, the attorney general said litigation handled by Jones, an attorney, was not involved in the recess.

Jones has asked continuance of a case in court under provisions granted attorney members of the Legislature. An attorney legislator may ask a continuance of a case 15 days before a legislative session and 30 days afterward.

The Arkansas Legislature recessed its special session August 29 until Jan. 10, 1939—the Saturday before the 1939 Legislature convenes.

Man, Son Save Life of Another

LITTLE ROCK (AP)—Sheriff's deputies today credited F. L. Hughes of North Little Rock and his stepson Gary with saving the life of a man who nearly drowned yesterday.

Howard of North Little Rock was pulled out of the water by the two Hughes, who reported in serious condition at a Little Rock hospital.

Althea Gibson Belongs With Tennis Grates

By ED CORRIGAN Associated Press Sports Writer

FOREST HILLS, N.Y. (AP)—Althea Gibson may or may not return to tennis, but one thing was certain today—she had taken her place among the all-time women's greats of the game.

That's just what she wanted. Since the tall New York Negro ascended the throne as queen of all she surveyed, there have been whisperings that she left something to be desired.

Among the accusations was that she wilted when the going got tough. It couldn't have been any tougher Sunday when she came back to win the national championship by defeating Darlene Hard of Montebello, Calif., 6-6, 6-1, 6-2.

She couldn't do a thing right in the first set. But she wound up crushing the plump blond Perma-Cola College freshman.

She is the first player to win at both Wimbledon and Forest Hills since Margaret Connolly turned the trick in 1923-24.

Ashley Cooper on the men's title when he whipped his Australian Davis Cup teammate Mal Anderson 6-2, 8-6, 4-6, 10-8, 8-6. Cooper had a rough time and was down 5-4 in the 10th game of the final set on Anderson's service. But he broke at love, then went ahead.

Pulaski Jury Goes Into Session

LITTLE ROCK (AP) — The Pulaski County Grand Jury went into session today, apparently to consider an outbreak of controversy involving the jury's foreman, its law enforcement committee, the prosecuting attorney and the Little Rock police chief.

Foreman Otto Cook a week ago accused Prosecutor Frank Holt and Police Chief Gene Smith of writing letters of recommendation for beer permits for two private clubs here which had been previously closed in a grand jury and police crackdown.

Holt and Smith denied the charge.

The Grand Jury law enforcement committee then released a prepared statement charging that Cook was speaking only for himself.

Both Cook and Holt asked the jury to investigate.

The Grand Jury today summoned about a dozen witnesses.

Democrats in Main Win Senate Seat

By JAMES DEVLIN

PORTLAND, Maine (AP) — Maine Democrats won a U.S. Senate seat for the first time in 47 years and rejoiced today over other major triumphs in the state's final first-in-the-nation election.

The Maine outcome often is regarded as a weather vane as to how the wind may blow in the general November elections.

Gov. Edmund S. Muskie ousted Republican Sen. Frederick G. Payne by a 3-2 margin in a contest bearing undertones of the Bernard Goldfine case. Payne, like presidential assistant Sherman Adams, has acknowledged receiving favors from the Boston industrialist.

Emphasizing their triumph, the Democrats picked up a seat in the House of Representatives and retained the governor's office being vacated by Muskie. They gave them four of the five major offices at state. One Democrat and one Republican won re-election to the House.

The election — the last to be held ahead of the rest of the nation — was watched by politicians of both parties for trends and possible campaign issues in the other states.

Muskie was the first Democrat ever sent to the Senate by the normally Republican electorate of the Pine Tree State. The Legislature chose the last Democratic senator in 1911 — before senators were elected by popular ballot.

Clinton A. Clason, former mayor of Waterville, took the governorship by a close margin over Horace A. Hildreth, a GOP former governor.

James C. Oliver, a Cape Elizabeth real estate man, beat out Republican Rep. Robert Hale, who was seeking a ninth term in the House.

Democrat Frank M. Coffin, a Lewiston lawyer, won re-election over Neil S. Bishop, Stockton Springs farmer. Coffin, when first elected two years ago, was the first Maine Democrat to serve in the House in 22 years.

Rep. Clifford G. McIntire, a Perry potato farmer, was the only Republican in major office to survive the Democratic wave. He won re-election over Gerald J. Grady, a professor of government at the University of Maine.

Complete, unofficial returns from the state's 632 voting precincts gave:

For senator: Muskie 171,942; Payne 112,178.
For governor: Clason 145,619; Hildreth 134,898.
For Congress, 1st Dist.: Oliver 54,630; Hale 51,702.
Congress, 2nd Dist.: Coffin 59,088; Bishop 37,014.
Congress, 3rd Dist.: McIntire 38,826; Grady 31,354.

Ex-Senators Are Seeking Combacks

By THE ASSOCIATED PRESS

Two former Democratic senators pushed comeback attempts today as voters in 10 states chose nominees in party primaries.

Claude Pepper, who held a Senate seat for 14 years until his defeat in 1956, is bidding for a return against Sen. Spessard Holland in Florida's Democratic primary, equivalent to election.

Gov. Ernest McFarland of Arizona, who served two terms in the Senate until he was sidelined in 1952, is making a new try to return to Washington in a race with Stephen W. Langmads, Democratic national committeeman for Arizona.

Today's primary contests involve 8 Senate seats, 50 House seats and 7 governorships. The Democrats achieved a major senatorial victory in this year's general elections when they shattered Maine's Republican tradition Monday and captured four of five major races.

Gov. Edmund Muskie led the Democratic victory parade with a 50,000-vote-plus triumph over Republican Sen. Frederick G. Payne in a contest for senator.

The Democrats also kept the governorship as Clinton A. Clason defeated Republican Horace A. Hildreth by more than 10,000 votes. And they won two of three House races.

Many candidates in today's primaries will be nominated automatically because they have no opposition. They include Senators John F. Kennedy (D-Mass) and Barry Goldwater (D-Ariz).

Goldwater will face the winner of the McFarland-Langmads race. It was Goldwater who defeated McFarland in 1952.

The Florida fight provides voters with a clear-cut choice in political philosophies. Pepper, a liberal, supported President Franklin Roosevelt's New Deal policies during his years in the Senate. Holland is an avowed conservative. Both predictions gave Holland the victory.

Among the House races, Mrs. Goya Knutson (D-Min) is seeking Democratic re-election in Minnesota without the support of her husband, who thinks she should come home and forget about serving in Congress. In fact, husband Andrew threw his backing to his wife's opponent, a businessman Marvin A. Evenson.

George Washington was a prominent surveyor at the age of 14 according to the Encyclopedia Britannica.

school board to admit 22 Negroes to the county's lone high school, but granted a stay until Sept. 15 to allow the board to seek a formal stay pending appeal from one of the three justices of the 4th U.S. Circuit Court.

In New Orleans, Federal Judge Herbert W. Chambers signed a preliminary injunction to force the Louisiana State University communiters' college to admit Negroes.

Sidelights on the integration front came from Omaha, Neb., where Alfred C. Kennedy, a realtor, insisted Negroes have a responsibility to solve their own housing problem.

And in New York, parents of 15 Negro students kept their children home from Harlem schools because, they said, two want the children sent to schools out of the neighborhood which are better integrated.

New York has no segregation as such in its schools. But schools in predominantly Negro neighborhoods often wind up with few, if any, white students.

nunciation of force, that would alter the situation. Consequences would flow from this, he said, but he could not spell them out in advance because they involved relations with the rights of an ally—Nationalist China.

Dulles was asked whether the United States would recommend evacuation of Quemoy, Matsu and other offshore islands held by Nationalist China if the Peiping regime agreed to renounce force.

He replied the United States could not itself negotiate the future of the offshore islands since they belong to Nationalist China. But he said a Red Chinese renunciation of force, if effective and dependable, would certainly be a new element.

Dulles also said: "Whether U.S. warships conveying Nationalist supplies would fire back at any Communist assault on them would depend upon whether the attack was accidental or deliberate. If deliberate, I think the U.S. ships could be expected to take some action."

In the national interest, he thought it unwise to say whether the United States would agree to Nationalist air raids on Communist mainland bases from which Red aircraft might attack Quemoy.

J. Dulles was the "chief U.S. official" in Newport, R.I., who briefed newsmen on the significance of Dulles' Sept. 4 statement which pledged effective and prompt support for Nationalist China.

Dulles' disclosure followed his being named last Saturday by former Secretary of State Dean Acheson as the previously unnamed official.

The United States might be able to reduce the size of its forces in Germany, but Dulles

said he does not think developments indicate total withdrawal at any date which could be fixed now. He said the situation in Lebanon seems to be improving.

Attorney Is Critical of Tax Issue

NORTH LITTLE ROCK (AP) — A Little Rock lawyer put state tax issues in a critical light here yesterday, and said one deduction proposal would do more harm than good to Arkansas.

W. P. Hamilton Jr., spoke before a civic club here.

He said deducting federal income tax payments before figuring state income tax is a deceptive proposal.

Hamilton said it would result in no substantial benefit to anyone except large corporations and the federal government, and explained with this example:

A corporation with a taxable income of \$100,000 now pays \$4,500 state income tax and \$49,634 federal tax. If it were allowed to deduct the federal bill before figuring the state tax it would cost the state \$2,540 in revenue, Hamilton said.

He said because of the corporation's lower deductions, the federal share of its tax would increase \$1,323, thus saving the remaining \$1,217 for the company.

For small taxpayers the deducting of federal taxes would save only a negligible amount of state income taxes, the lawyer said.

A move now being "kicked around" by the Tax Committee would bring more revenue to the state, Mr. Hamilton said. This is a new tax that would simplify payment of state income taxes and bring the tax money in line with the ability to pay theory of taxation, said the lawyer.

Segregationist Group Formed at Van Buren

VAN BUREN (AP) — An anti-integration boycott of Van Buren high school by white students ended today but the leader of a newly formed segregationist committee declared last night that racial mixing must be ended in Van Buren public schools.

Only three white students and two adults maintained a protest vigil across the street from the high school today. Last week 45 students walked out of the school in what they called a "strike" against racially mixed classes.

The three students left the scene. School officials reported that "opened. One of them said they would probably return to school later but promised that the strike would be resumed if Negroes returned to class.

School officials reported that about 40 of the strikers had returned to school.

The 13 Negroes enrolled in the 635-pupil school have stayed out since last Thursday when the boycotters threatened to keep Negroes out by force.

Sam Cox Jr., chairman of the new segregationist committee said, "It (integration) has to be stopped now." He said several methods of blocking integration permanently were discussed by the committee.

Cox, a 30-year-old truck driver, has three children but none of high school age. He said he joined the committee because the high school situation eventually would affect his children.

An attorney for the National Assn. for the Advancement of Colored People sought injunctive relief in the controversy yesterday. But U. S. District Judge John E. Miller rejected U. Simpson Tate's petition to have the Van Buren School Board cited for contempt in failing to protect the Negro pupils.

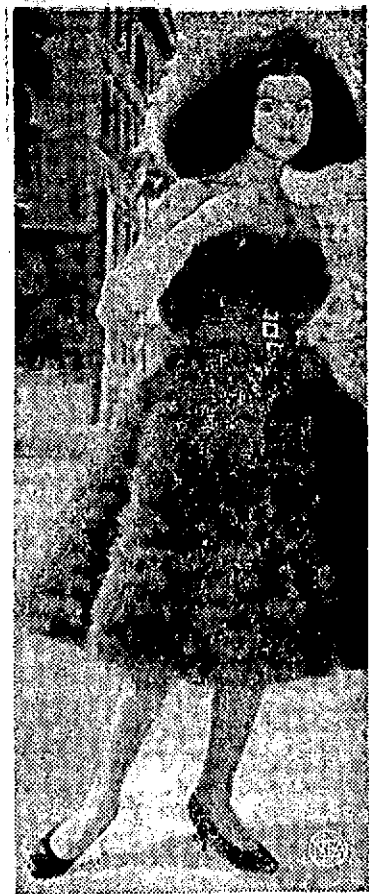

Judge Miller advised Tate to file a suit by Sept. 19 and added that he would hear the case on its merits Sept. 25 or 26. He told the Negro attorney he would consider a petition for a temporary restraining order on Sept. 19.

Tate, regional counsel for the NAACP, flew back to his headquarters at Dallas last night and Negro leaders here indicated none of the 13 Negro pupils would return to Van Buren High before court action is taken.

Police Chief Voll Russell issued a formal statement pledging a thorough investigation "of any lawless act."

Russell said the white students involved in the boycott ought to be readmitted to Van Buren High without having to "crawl back," apparently meaning they should not be required to obey a rule that parents must take them back.

"They were just striking and

Different Safes But Cash Same

CROSSETT, Ark. (AP) — Eighteen months ago burglars destroyed an expensive safe at the Osborne Lumber Co. here. The take was only about \$100.

Last night, thieves took \$100 from a new safe at the firm but there was no property damage.

"I've been leaving the safe open," explained Manager Russell Nobles. "It's less expensive this way."

Only Republican president ever to complete two full terms in the White House up to the present time was Ulysses S. Grant.

picketing for what they thought was right, just as a union would do," Russell said.

About 20 of the striking students went back to classes yesterday.

Van Buren was integrated in September, 1957 under an agreement between Negroes and the school board. Judge Miller dismissed an integration suit, which had been filed by Negroes.

There was no reported trouble last year.

Bombers Hit, 16 Persons Are Killed

By JERRY O'BRIEN

SPOKANE, Wash. (AP) — A giant B52 jet bomber sliced into the side of another at sundown Monday and both planes crashed in flames near a busy highway. Twelve of the 16 men aboard were killed.

A 200 - pound chunk of landing gear sailed through the air, smashed through a service station sign and skidded to rest on the shoulder of Highway 2, a main link between Spokane and Seattle.

The roar of the crash, flying debris and the explosion as the planes hit the ground terrified two fleeing service station attendants and two customers, along with patrons of a nearby tavern. But no one on the ground was hurt.

The eight-million-dollar B52s, prime atom bomb carriers of the Strategic Air Command, were making routine landings at Fairchild Air Force Base when they collided about 1,500 feet over the highway.

The B52s were carrying some classified materials but officials said these did not include nuclear weapons.

Joe Martella, a service station attendant said both planes were turning at the time.

"I looked up when I heard a tremendous roar from the engines of one plane," he said. "The pilot seemed to be trying to get out of the way. Then they hit. The wing of one hit the other right behind the cockpit and it looked like it was cut in two." Martella and the station owner, Mike Anderson, ran across the highway and dived into a ditch.

The planes were less than two miles from the Fairchild runway when they collided.

Morrilton Teacher Is Fatally Shot

MORRILTON, Ark. (AP) — A Morrilton High School teacher was fatally shot last night while cleaning a gun at his home, a coroner's jury ruled early today.

The victim of the accident was Donald Boyd, 26, a teacher of English, French and civics who moved here from Pine Bluff at the beginning of the current school term.

Boyd's wife, a French war bride, said she discovered the body when she returned home from a church circle meeting about 10 p.m.

Coroner Robert D. Harris said Boyd's body was found in a chair in the kitchen. The victim had a bullet hole in the forehead, the coroner said.

A 22 caliber rifle, pointing toward Boyd's head, was found resting against a small table near a chair. A revolver was on the table.

Sir Francis Drake sailed around the world on the "Gilded Hind."
